DETAILED ACTION

Priority

1. Should applicant desire to obtain the benefit of foreign priority under 35 U.S.C. 119(a)-(d) prior to declaration of an interference, a translation of the foreign application should be submitted under 37 CFR 1.55 in reply to this action.

Response to Amendment

2. The amendments made to Claims 1, 7, 11, and 17 have been considered.
3. Claims 1-20 are now in condition for allowance.

Allowable Subject Matter

4. Claims 1-20 are allowed.
5. The following is an examiner's statement of reasons for allowance: Claim 1, 7, 11, and 17 are all similar in scope, with their differences being in their preambles. Therefore, Claim 1 shall be traversed in detail.

Claim 1 teaches a method of controlling a storage device controlling apparatus. The novelty of this invention comes into play with the details of the items involved in the process of control. Since the invention addresses translating data so that it could be sent across the system, the following limitations make an unoriginal idea novel. For instance, the newly amended copying portion of the invention necessitates copying from the source LU to the destination LU based on the difference data indicative of difference between data stored on the source LU and data stored on the destination LU. This causes the copying to be done in a very narrow and specific manner. Furthermore, the copying necessitates a subject file and metadata associated with destination LU's subject file. All of these things give the invention a very specific utility

and functionality when combined with the other limitations of the claim. The specificity of the combined limitations makes the invention overcome any existing prior art.

6. Dependent Claims 2-6, 8-10, 12-16, and 18-20 are allowed due to their dependence on Independent claims 1, 7, 11 or 17.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
